

Madeline Island Service Report

May 6, 2012

This has been a busy month for the Madeline Ambulance Service. We had our bi annual refresher course. All eleven EMT's attended over 30 hours of instruction through WITC. In addition we each needed to complete an on-line Weapons of Mass Destruction class and test. All eleven of us passed the class and will be re-licensed for another two years. We had a new instructor this year, Carrie Willoughby and we all agreed that she was an interesting and thorough teacher. Class included instructional videos, lecture and discussion and hands on practice with equipment and scenarios.

We had one transport and one island only response this month.

Our raffle application was completed as well as our ACT 102 state funding application.

John Carlson has received his radio and will start attending meetings and come along on ambulance calls.

The service is also re-registered with Medicare for billing purposes.

We had a regular monthly meeting and a training meeting for extrication practice.

This weekend there is an EMT Day at the Ashland Visitors Center and I will participate in the event wherever I am needed. It is part of the activities sponsored with the Bayfield and Ashland County's recruitment grant.

Respectfully Submitted,

Cynthia Dalzell

Madeline Island Ambulance Director
